

SUCCESS STORY

Client Profile

- Tammy, Age 36
- Windsor, CO
- Former Debt Management Plan Client

"It was freeing to have a plan, especially with such supportive counselors."

The family **saved about \$70,000 in interest charges** with the GreenPath Debt Management Plan.

Financial Challenges

Tammy and her family were overwhelmed with **\$49,000 in outstanding credit card debt**.

- The family did not have a clear picture of their total debt burden, and experienced stress watching debt levels increase each month.
- It was difficult to keep up with monthly household expenses, as well as credit card balances.
- Tammy and her husband looked to the national nonprofit GreenPath for options to get a handle on their debt.

Savings

- With the Debt Management Plan, Tammy and her family **paid off \$49,000 in credit card debt in 51 months**.
- The family **saved about \$70,000 in interest charges**¹ through the GreenPath Debt Management Plan² vs. paying only the minimum payments by themselves.
- Client survey show high satisfaction, sense of freedom from debt.

Success Outcomes

- The plan helped reduce stress and worry, and served as a turning point for the family.
- GreenPath worked with the family to find a plan that was both realistic and sustainable for their specific financial situation.
- With guidance from GreenPath, Tammy built the family's first-ever working budget.
